About KCC

With over 40 years of industry experience since 1982, KCC Trading Co. was established in Guangzhou, China to serve international markets with reliable sourcing and export services.

- Water well drilling equipment
- Drilling tools & accessories
- Hydraulic components & pumps
- Air compressors & diesel engines
- Industrial chemicals
- Spare parts for heavy equipment

We work closely with trusted manufacturers across China, delivering reliable products, competitive pricing, and professional export services to customers worldwide.

MISSION, VISION & VALUES

Our commitment drives everything we do.
We deliver value, build trust, and grow together with our partners.

OUR MISSION

To provide reliable industrial equipment and professional sourcing services that help our customers achieve efficient and successful projects.

OUR VISION

To become one of China's trusted international trading companies in the field of drilling equipment and industrial spare parts.

OUR CORE VALUES

- ✓ **Professionalism** – Expertise in every step
- ✓ **Quality** – Products you can trust
- ✓ **Integrity** – Honest and transparent dealings
- ✓ **Customer Satisfaction** – Your success is our success
- ✓ **Continuous Improvement** – Always getting better
- ✓ **Long-Term Partnership** – Building lasting relationships

1. DIRECT FACTORY SUPPLY

We work directly with trusted manufacturers across China to provide you with genuine products at the best value.

2. QUALITY GUARANTEED

All products are strictly inspected and tested before shipment to ensure consistent performance and durability.

3. COMPETITIVE PRICING

Factory-direct prices with no middlemen, giving you the best quality at highly competitive rates.

4. WIDE PRODUCT RANGE

From heavy equipment spare parts to drilling tools and industrial supplies – we have everything you need.

5. FAST RESPONSE

Quick quotations and professional support within 24 hours to help you save time and keep your projects running.

6. WORLDWIDE SHIPPING

We handle export documentation and shipping to GCC, Middle East, Africa, and worldwide with reliable logistics partners.

7. CUSTOM SOURCING SERVICE

Can't find what you need? Our team will source it for you from trusted factories.

8. LONG-TERM PARTNERSHIP

We build strong relationships based on trust, reliability, and mutual success.

Our Product Categories

We offer a comprehensive range of high-quality industrial products to meet the needs of our customers worldwide. All products are sourced directly from trusted Chinese manufacturers.

WATER WELL DRILLING RIGS

Complete drilling solutions

DRILLING TOOLS

Tricone Bits, PDC Bits, DTH Hammers

DRILL PIPES & CASING PIPES

Strong and durable

AIR COMPRESSORS

Portable and heavy-duty

DIESEL ENGINES

Reliable power solutions

HYDRAULIC COMPONENTS

Pumps, motors, valves

MUD PUMP PARTS

High-performance components

INDUSTRIAL CHEMICALS

Drilling foam, lubricants, additives

SPARE PARTS

Bearings, seals, gears, filters, and more

WATER WELL DRILLING RIGS

From the desert to the mountains, from shallow wells to deep explorations – our drilling rigs are built to perform.

We offer a carefully selected range of drilling equipment that combines power, precision, and durability.

Every rig is chosen to meet the demands of real-world projects, with a focus on reliability and ease of operation.

Backed by decades of industry experience, we bring you machines that work as hard as you do.

INGERSOLL RAND RD20

POWERFUL
PERFORMANCE

DEEP
DRILLING

HIGH
DURABILITY

Powerful and durable rig for deep drilling. Diesel engine, 900–1,700m depth, 120,000 lbs weight. Suitable for deep wells, mining, and geothermal.

INGERSOLL RAND T4W

VERSATILE
USE

UP TO
700M DEPTH

70,000 LBS
WEIGHT

Versatile rig for medium to deep drilling. Diesel engine, up to 700m depth, 70,000 lbs weight. Suitable for water wells, construction, and foundation drilling.

TRUCK-MOUNTED WATER WELL DRILLING RIG

HEAVY-DUTY
MOBILE

HIGH
EFFICIENCY

QUICK
SETUP

Heavy-duty mobile rig for various terrains. Diesel engine, high efficiency, quick setup. Suitable for water well drilling, rural and urban water supply, and agricultural irrigation.

KCC 350 – FULL HYDRAULIC WATER WELL DRILLING RIG

YUCHAI ENGINE	350M DEPTH	8.6 TONS

Compact and efficient rig for medium-depth drilling. Equipped with Yuchai engine, 350m depth capacity, and 8.6 tons weight. Ideal for agricultural and rural water supply.

KCC 600 – FULL HYDRAULIC WATER WELL DRILLING RIG

CUMMINS ENGINE	600M DEPTH	11.5 TONS

Powerful rig for deep drilling. Powered by Cummins engine, 600m depth, 11.5 tons weight. Suitable for mining and large-scale water projects.

KCC 1000 – FULL HYDRAULIC WATER WELL DRILLING RIG

CUMMINS ENGINE	1,000M DEPTH	13 TONS

Heavy-duty rig for ultra-deep drilling. Cummins engine, 1,000m depth, 13 tons weight. Ideal for geothermal, mining, and deep exploration.

DTH HAMMERS

HIGH
IMPACT

DURABLE
STEEL

HARD
ROCK

High-performance down-the-hole hammers for fast penetration, high efficiency, and long service life in hard rock drilling applications.

DTH BITS

WEAR
RESISTANT

VARIOUS
SIZES

FAST
DRILLING

Premium DTH drill bits manufactured for maximum drilling performance with excellent wear resistance and compatibility with major brands.

TRICONE BITS

HARD
FORMATION

HIGH
PENETRATION

LONG
LIFETIME

Roller cone bits engineered for soft, medium, and hard formations, providing stable drilling performance and excellent durability.

**HIGH-SPEED
DRILLING**

**POLYCRYSTALLINE
DIAMOND**

**IDEAL FOR SOFT
TO MEDIUM
FORMATIONS**

Polycrystalline diamond compact bits for high-speed drilling. Ideal for soft to medium formations.

**STRONG &
DURABLE**

**VARIOUS
LENGTHS**

**MULTIPLE
DIAMETERS**

Strong and durable rods for deep drilling. Available in various lengths and diameters.

**STABILIZE
BOREHOLES**

**FOR DEEP &
UNSTABLE
FORMATIONS**

**ESSENTIAL
EQUIPMENT**

Tools for installing casing pipes to stabilize boreholes. Essential for deep and unstable formations.

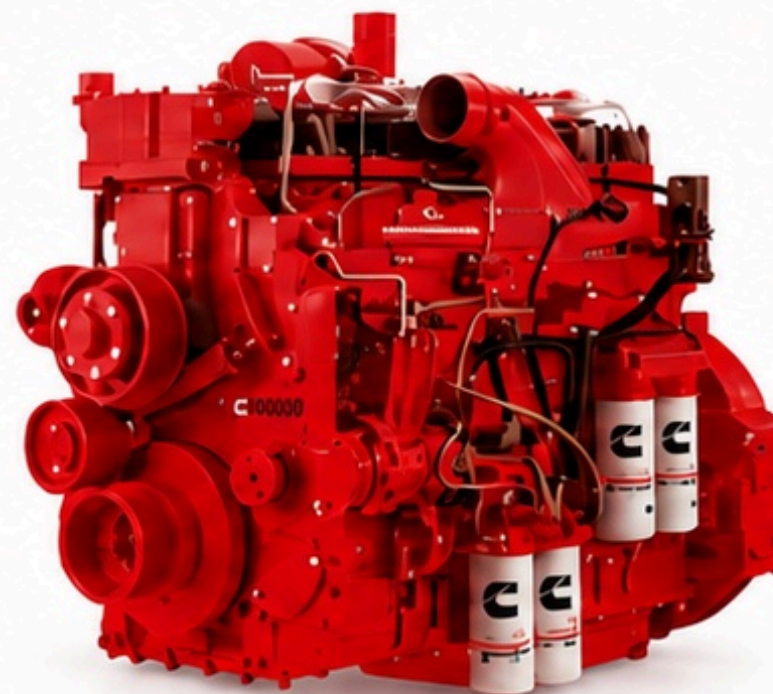

AIR BOOSTERS

INDUSTRIAL
GRADE

HIGH AIR
OUTPUT

PORTABLE &
STATIONARY

High-performance air boosters for water well drilling and industrial applications. Available in diesel and electric models with multiple capacity options.

DIESEL ENGINES

CUMMINS &
YUCHAI

HIGH
POWER

SPARE PARTS
AVAILABLE

Reliable diesel engines for drilling rigs and heavy equipment. Cummins, Yuchai, and other brands. Various power ratings with full spare parts support.

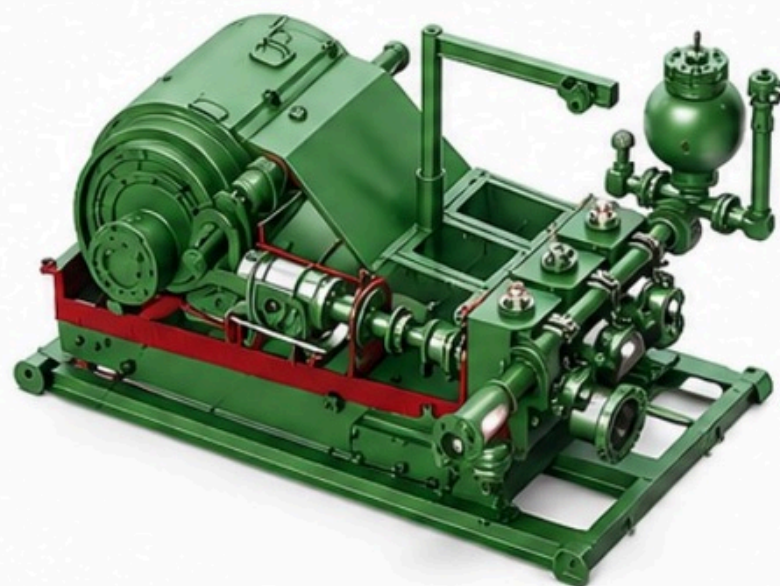

CASING TOOLS

HYDRAULIC
SYSTEMS

PREMIUM
QUALITY

REPLACEMENT
PARTS

Pumps, motors, valves, filters, and casing accessories for drilling rigs and heavy equipment. Designed for durability and reliable performance.

MUD PUMP PARTS

HIGH
PRESSURE

HIGH
PERFORMANCE

DURABLE
COMPONENTS

Pump heads, valves, pistons, liners, and other mud pump components. Designed for high-pressure drilling operations.

INDUSTRIAL CHEMICALS

PREMIUM
QUALITY

OPTIMAL
PERFORMANCE

SAFE &
RELIABLE

Drilling foam, lubricants, bentonite, and drilling additives. Essential for efficient drilling operations.

SPARE PARTS

HIGH
QUALITY

WIDE
RANGE

LONG
LIFETIME

Bearings, seals, gears, filters, chains, and other industrial spare parts for heavy equipment and drilling rigs.

FILTERS

AIR FILTER
High filtration efficiency for clean air intake

OIL FILTER
Protects engine and extends service life

OIL SEPARATOR
Efficient oil-air separation for optimal performance

High-quality filters designed to ensure clean air, clean oil, and efficient separation, protecting your equipment and maximizing performance.

ENGINE PARTS

HIGH QUALITY
Manufactured to OEM standards

DURABLE MATERIALS
Built for long-lasting performance

COMPLETE RANGE
Wide selection of engine parts available

A complete range of engine parts including pistons, rings, gaskets, bearings, and more, engineered for reliability and heavy-duty applications.

OIL COOLER (RADIATOR)

EFFICIENT COOLING
Maintains optimal oil temperature

HIGH DURABILITY
Robust design for tough conditions

EASY INSTALLATION
Direct fit and reliable performance

High-performance oil cooler designed for maximum heat dissipation, ensuring stable operation and extended equipment life.

COMPLETE HYDRAULIC SYSTEMS

WE PROVIDE COMPLETE HYDRAULIC SYSTEMS

We supply a full range of high-performance hydraulic components built for durability, efficiency, and reliability in the most demanding applications.

HIGH QUALITY

Built to the highest industry standards.

EXCELLENT PERFORMANCE

Designed for optimal efficiency and power.

LONG SERVICE LIFE

Engineered for maximum durability.

EXPERT SUPPORT

Technical support and after-sales service you can rely on.

AIR COMPRESSOR XAS186C

The XAS186C air compressor is designed for demanding applications, delivering reliable performance, fuel efficiency, and easy maintenance for all your drilling needs.

- ✓ High efficiency and fuel saving
- ✓ Robust design for harsh conditions
- ✓ Easy maintenance and service access
- ✓ Ideal for drilling, construction and industrial applications

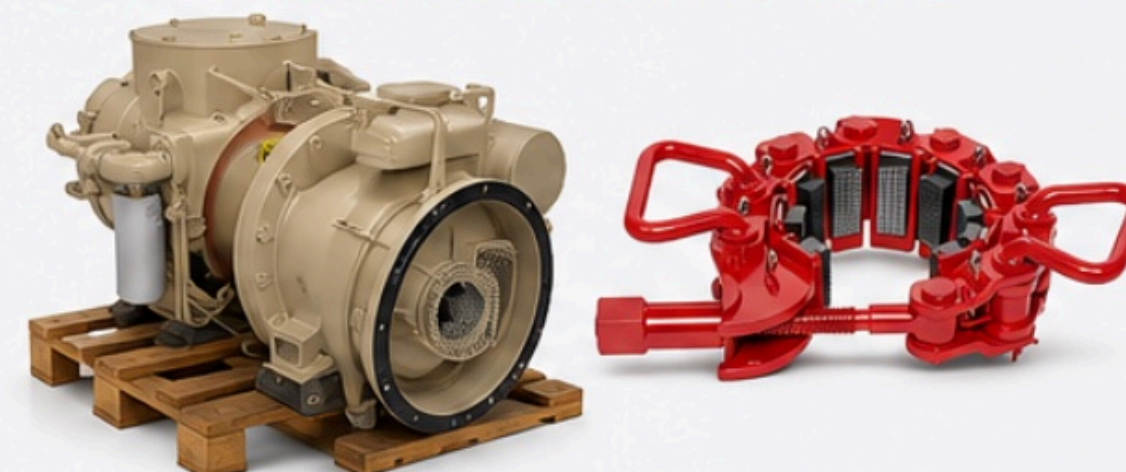

AIR COMPRESSOR XAS88

The XAS88 air compressor is compact, versatile and highly reliable. It offers excellent performance with low operating costs for a wide range of applications.

- ✓ Compact and portable design
- ✓ Low fuel consumption
- ✓ Reliable performance
- ✓ Suitable for light to medium duty applications

ELEVATOR & POWER UNIT XAVS206C / XRHS836 / CASING ELEVATOR

Reliable elevator and power unit solutions for safe and efficient handling of drill pipes and casing during drilling operations.

- ✓ High load capacity and safety
- ✓ Durable and robust construction
- ✓ Easy to operate and maintain
- ✓ Compatible with various drill pipe and casing sizes

TECHNICAL SPECIFICATIONS

Drill Pipes & Casing Pipes

We supply high-quality drill pipes and casing pipes for various drilling applications. Our pipes are manufactured to withstand high pressure and tough drilling conditions.

Drill Pipes:

- Strong and durable
- Available in various diameters and lengths
- Suitable for deep and shallow drilling
- Threaded connections for easy assembly

Casing Pipes:

- Used to stabilize boreholes
- Prevent collapse and contamination
- Available in different sizes and grades
- Suitable for water wells, mining, and construction

Steel Casing Pipes

KCC Steel Casing Pipes are designed to provide reliable support and protection for water wells, boreholes, and drilling projects. Manufactured from high-quality steel, our casing pipes offer excellent strength, corrosion resistance, and long service life under demanding working conditions. They are available in different diameters, wall thicknesses, and connection types to meet various project requirements.

Technical Specifications

Available

Water Well Casing / Borehole Support

Steel Bundles

PVC Casing Pipes

KCC PVC Casing Pipes are manufactured from high-quality unplasticized PVC (uPVC), providing excellent corrosion resistance, lightweight handling, and long service life. They are widely used in water well construction, irrigation systems, groundwater projects, and borehole protection.

Technical Specifications

Item	Specification
Product Name	PVC Casing Pipe
Material	High-Quality uPVC
Standard	ISO / ASTM
Outside Diameter	110–400 mm
Wall Thickness	4–15 mm
Length	3 m / 6 m
Connection Type	Threaded / Socket
Pipe Color	Blue / White / Custom
Pressure Rating	PN6 / PN8 / PN10 / PN16
Temperature Range	0°C – 60°C
Applications	Water Wells, Irrigation, Groundwater
Packaging	Plastic Wrapping / Wooden Pallets
Custom Service	OEM Available

Solar Energy Systems

We supply high-efficiency solar panels, inverters, and complete solar systems for water pumping, irrigation, and industrial applications.

- Solar Panels (Monocrystalline & Polycrystalline)
- Solar Inverters (Off-grid & On-grid)
- Solar Water Pumping Systems
- Solar Mounting Structures
- Batteries & Charge Controllers

Submersible Pumps

High-quality submersible pumps for water wells, agriculture, and industrial applications. Built for durability and high performance.

- Deep Well Submersible Pumps
- Solar Submersible Pumps
- Centrifugal Pumps
- Pump Controllers & Accessories
- Stainless Steel & Cast Iron Models

REAL SHIPMENT & LOADING OPERATIONS

At KCC Trading, every shipment is carefully inspected, packed, and loaded to ensure safe international transportation. Our experienced logistics team manages each order with precision, guaranteeing that products arrive in excellent condition and on schedule. From factory collection to container loading and global delivery, we provide reliable export solutions for customers worldwide.

PROFESSIONAL CONTAINER LOADING

Skilled handling and organized loading to maximize space and ensure cargo safety.

EXPORT-READY PACKAGING

Strong and secure packaging suitable for long-distance international shipping.

QUALITY INSPECTION BEFORE SHIPMENT

Every product is thoroughly inspected to meet our high quality standards.

FAST & RELIABLE INTERNATIONAL LOGISTICS

Efficient logistics network to ensure timely and reliable delivery worldwide.

SECURE TRANSPORTATION

We take every precaution to protect your cargo during transit.

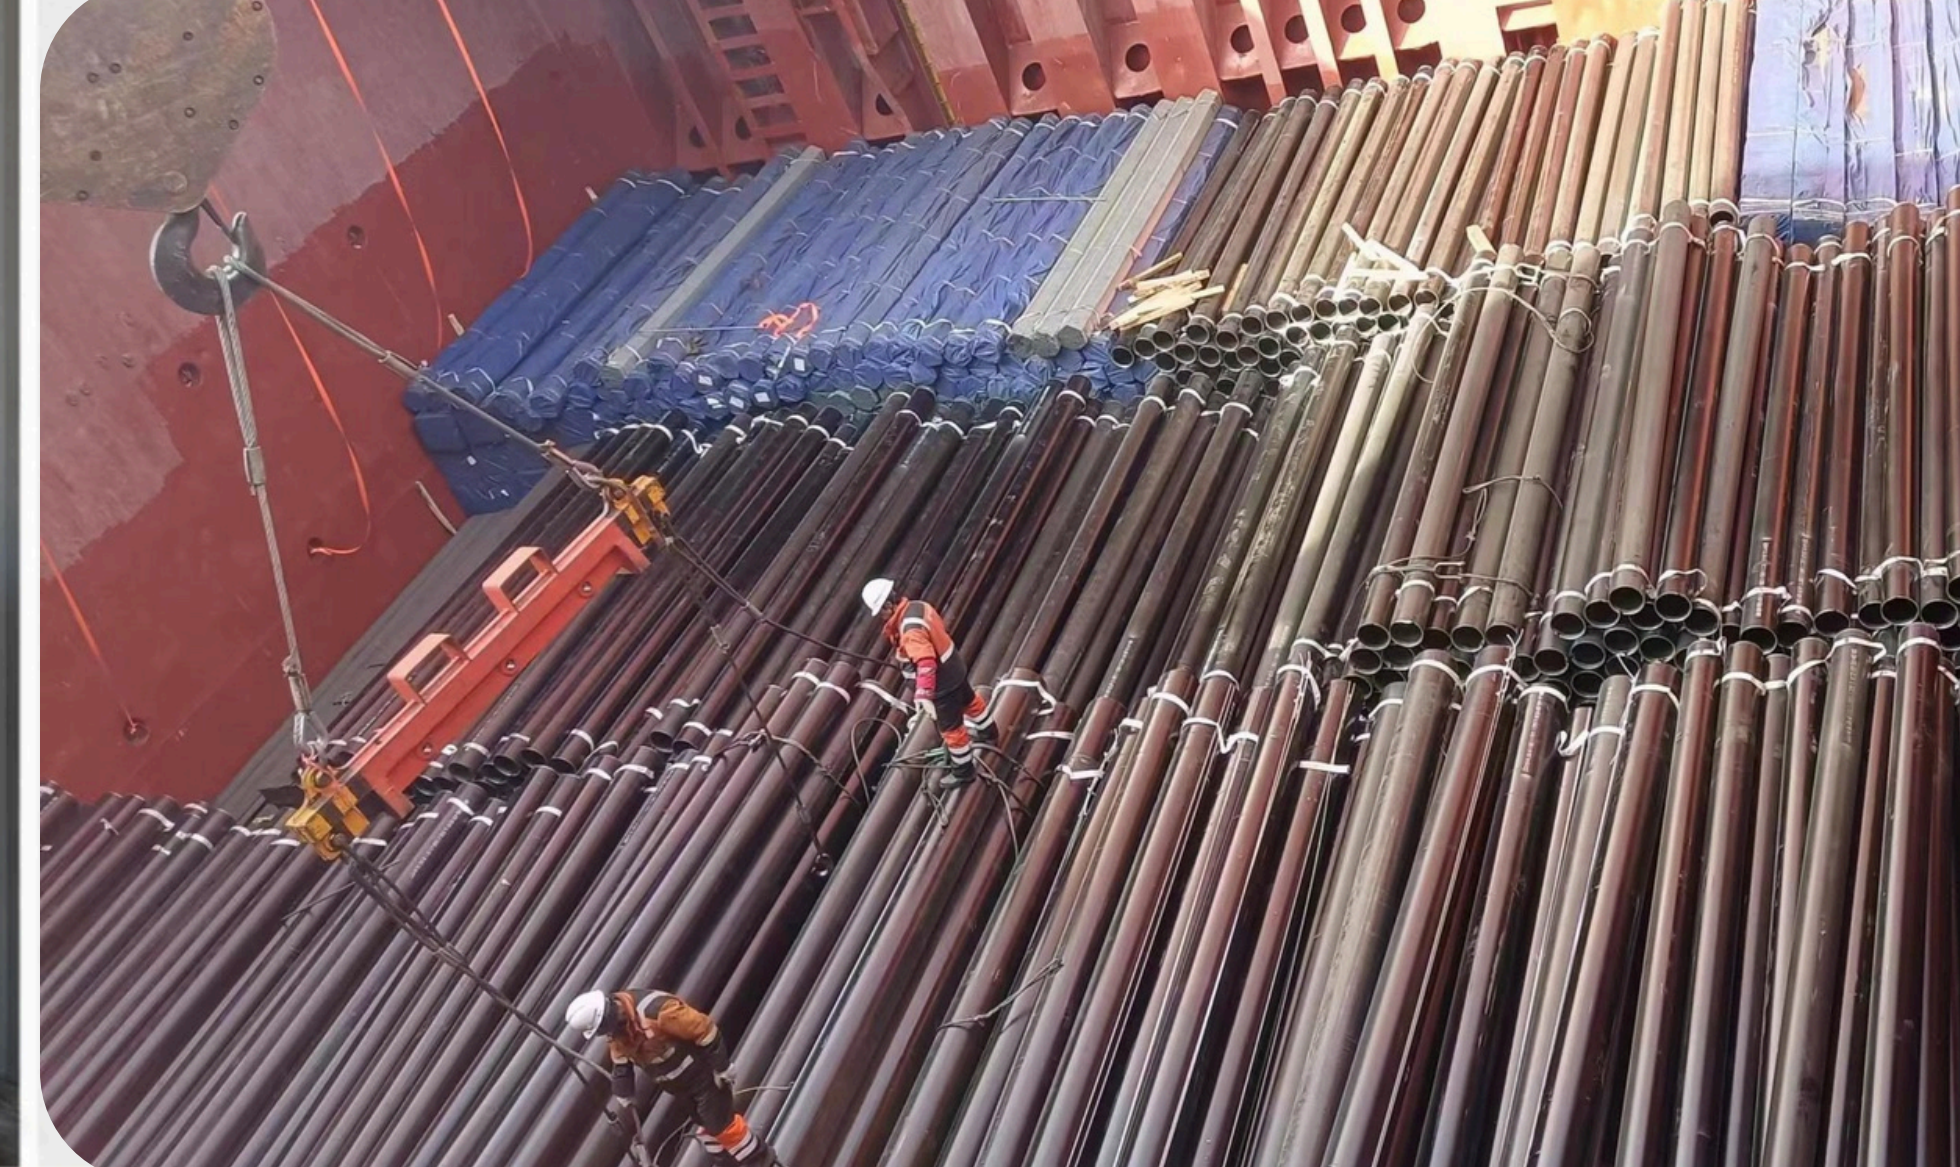

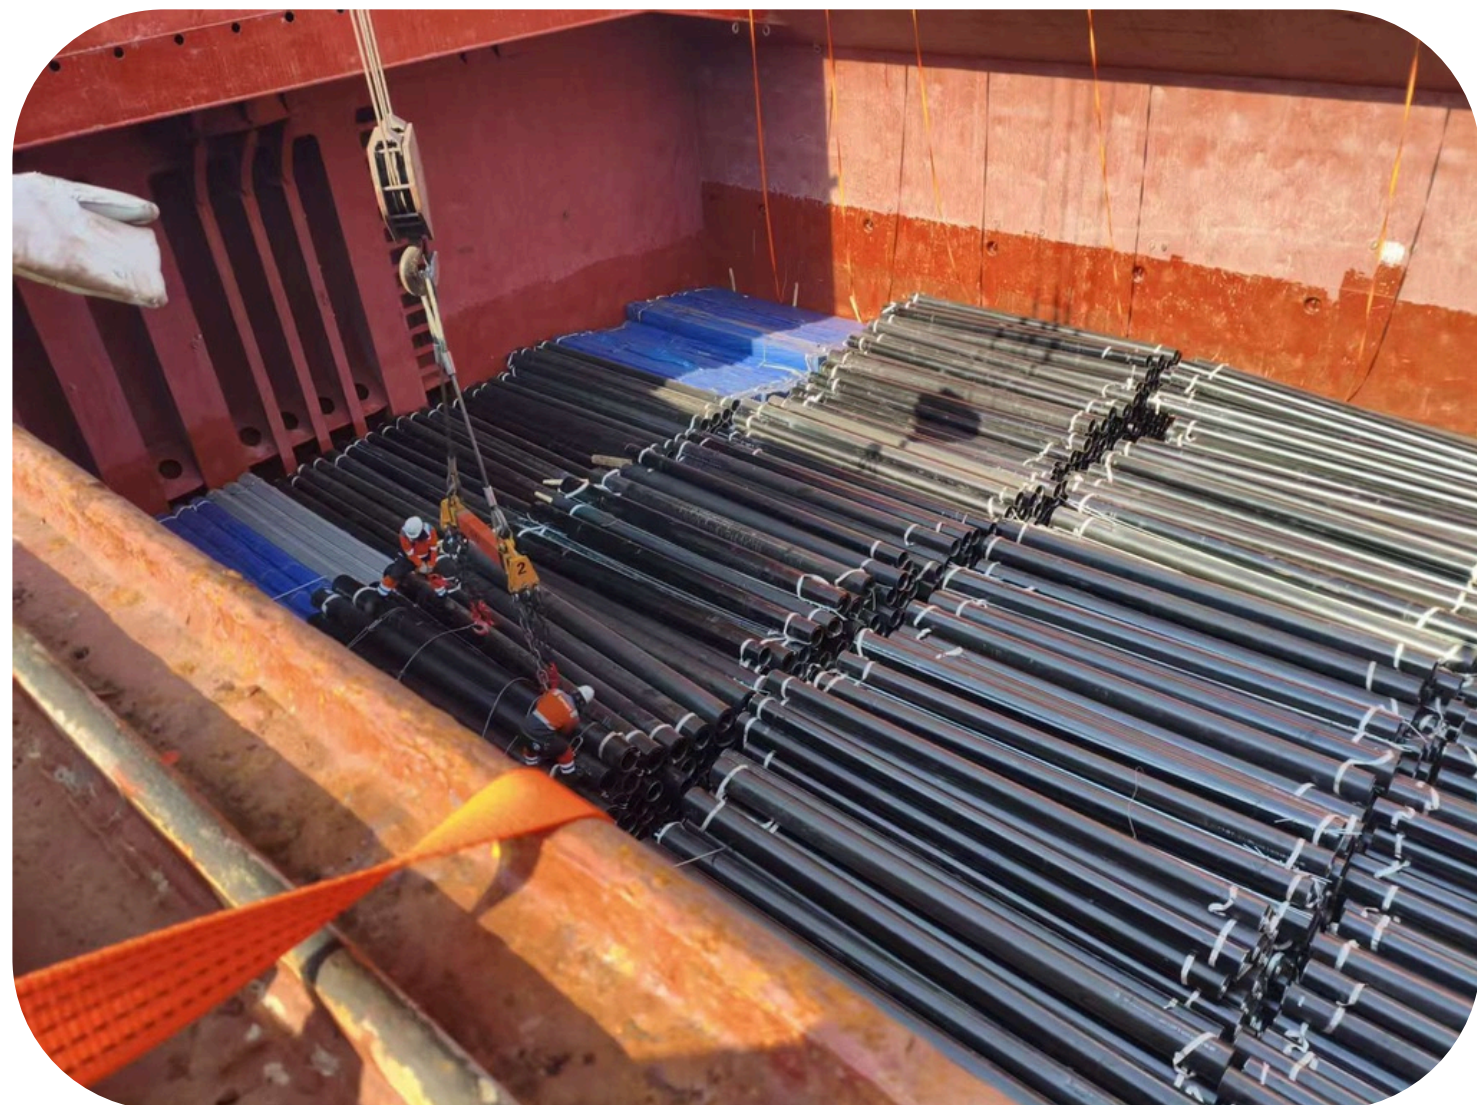

WORLDWIDE DELIVERY

Delivering to ports and destinations across the globe with trusted partners.

WAREHOUSE PACKING

PALLETIZED & READY

CAREFUL LOADING

SECURE CONTAINER LOADING

PROFESSIONAL PACKING & CONTAINER LOADING

From warehouse to destination, KCC Trading ensures secure packaging, careful loading, and reliable global shipping for every order.

COMPANY ADVANTAGES

Over 40 years of
industry experience

Strong relationships with
trusted Chinese manufacturers

Wide product range for
various industries

Competitive pricing
with high quality

Professional export and
logistics support

Fast response and
customer-focused service

Export & Shipping

We provide professional export and logistics services to ensure your orders arrive safely and on time.

- Worldwide shipping**
- Flexible shipping options (sea, air, land)**
- Full documentation support**
- Reliable logistics partners**
